Winter 2026

A Message from the Director

It is amazing how time flies – 2025 has come and gone, and we now focus on priorities for 2026. One thing we need to keep in mind is that there are families in our communities who will need our help throughout 2026.

People to People Ministries (PPM) supports under-served children and families. Some are orphans, families with children facing a difficult time making ends meet. We partner with individuals, businesses, agencies, and churches to help these families.

Presently, we are coming to a close of our winter coat campaign, where we were glad to partner with churches in California, Washington, Oregon, and parts of North Carolina.

Let me remind you that we welcome your tax-deductible financial help to fund our mission anytime during the year. So you don't have to wait until the next "Giving Tuesday" to donate. Feel free to visit our website at peopletopeopleministries.com.

Thank you in advance for your support.

Winter Coats

This season has been our best for distributing winter coats to children. With the help of our partners, we have already distributed nearly 650 coats! Temperatures are still a little cool, and so we are still providing coats in the North Carolina area.
Financial goal: \$5,000

Emergency Food

Families are increasingly in need of support, especially during the holidays. PPM assisted 10 to 12 families with 25 children during the holidays. Some of these families received help at other times of the year.
Financial goal: \$6,000

Orphan Support

A couple of years ago, we began supporting orphan children in different parts of the world: Africa, Asia, Mexico and Dominican Republic, and Dominica. Currently we have committed to sponsoring 20 children at around \$450 a year. With your help, we can sponsor 25 children. You are invited to join us in helping these children.
Financial goal: \$10,000

Other Outreach Endeavors

On a smaller scale, People to People Ministries supports the grief support program Abba's Child, dedicated to bringing hope and healing into the lives of grieving children and families. One out of every fourteen children will experience the death of a parent by the time they are 18 years of age.

Karen refugees are a growing immigrant group who had to flee their homeland in Myanmar (Burma) due to conflict. An estimated 215,000 Karen people live in the U.S.

PPM also distributes religious literature & offers online Bible studies.
